

A diagram illustrating the layout of a page for printing. It features a large white rectangle with a thick red border and a dashed black border. The red border is labeled 'BLEED' and the dashed black border is labeled 'TRIM'. A 'SAFETY AREA' is also indicated, which is the region between the red and dashed lines. Three vertical lines with dots at the bottom point to the red line, the dashed line, and the space between them, respectively. The text is in a sans-serif font, with the labels in bold and the descriptions in italics.

BLEED

1/8" bleed, to ensure a perfect edge finish

TRIM

This is where is the final trim size

SAFETY AREA

No text or critical pictures beyond red line
